REQUIREMENTS AND GENERAL INFORMATION

The tour mainly covers alpine terrain. You will need appropriate trail running equipment and basic stamina.

Necessary recommended equipment: trail running shoes, functional clothes (also long trousers or shorts with leg warmers), second dry long sleeve, woollen hat / cap, gloves, backpack, rescue blanket, food and water (for all days), garbage bag, rain and sun protection, first-aid kit, head-lamp, mobile phone and poles. Even in the midsummer there could be a drop of temperature, so please make sure that you have warm clothing with you including gloves and cap. Please think about a second long sleeve in case there will be a waiting time in the next accommodation for the luggage.

Your route is recorded for posterity when you enter your name in every hut logbook in the Dachstein Mountains. The routes are well signposted, although the signs could partly be covered by snow. Hence, it is imperative that you take your routing with you. An experienced guide is available to accompany you upon request.

The carrying out of the tour is dependent on weather conditions! Alternative trails, use of cable car and train or bus (payable on spot) are always possible.

Informations

For environmental reasons, we recommend arriving and departing by public transport (train/bus). We are happy to help you organise your train journey within Austria. Talk to us!

The 'Dachstein circular hiking trail' opens up the scenic beauty and diversity of the Dachstein, the "showpiece of the northern limestone Alps", in 8 daily stages. In manageable daily stages, without rope and climbing equipment, with walking times between four and seven hours, the scenic diversity of the mountain range can be experienced hiking.
